KEEPING YOUR FAMILY COMFORTABLE ALL YEAR ROUND

Air Scrubber

\$945

The Air Scrubber by Aerus® attaches directly to the HVAC system ductwork to reduce viruses, bacteria, and other contaminants in the ambient air and on surfaces while the HVAC fan is running. Patented ActivePure is an advanced surface and air purification technology. It has been proven to reduce up to 99.9% of many common airborne and surface contaminants.

Aprilaire E080 Dehumidifier

\$4,800

Keep your entire home full of fresh, dry air with the whole-house Aprilaire 80 Pint Dehumidifier. The Aprilaire 80 Pint Dehumidifier installs as part of your central HVAC system. As your system runs, the dehumidifier pulls air in using the return ducts, dehumidifies it, and sends dry air back into your rooms. This powerhouse dehumidifier removes up to 80 pints of moisture per day.

Aprilaire E130 Dehumidifier

\$3,600

The Aprilaire E130 is one of our most energy-efficient models to date. It removes up to 130 pints (16 gallons) of moisture from the air per day. This helps keep your home's humidity in the ideal range of 40-60% relative humidity to fight viruses, bacteria, mold, and other airborne pollutants.

Duct Cleaning

Custom quote provided upon request

Some of the services involved are:

- Encapsulation of microbial growth on inside of pores ductwork
- Fogging treatment to kill microbial growth inside entire duct system
- Brush or air whip to break loose all clinging dust/debris/particulates on inside of ducts

Dyer Vent Cleaning

\$150

- Reduces the risk of dryer fires
- Save energy, Save money
- Prolong the life of the dryer
- Prevent clogged vents

Surge Protector

\$205

The Surge Protective Device (SPD) is the perfect add-on for HVAC equipment. A green LED indicator provides the status of protection. Trusted, state-of-the-art TPMOV® (Thermally Protected Metal Oxide Varistor) technology eliminates the potentially hazardous failure modes that are commonly associated with standard MOV technology.

Compressor Saver

\$186

A Hard Start Kit helps protect your air conditioner from costly repairs. It can extend the life of your compressor by reducing the amount of time it takes for your compressor to start.

Overflow Switch

\$130

A must-have safety feature. The emergency drain pan overflow switch shuts off your HVAC system if water fills the regular or emergency drain pan. This is designed to protect your home from water damage that can occur if the HVAC system was to continue running and producing water after the pan fills.
